Model: 1500174

Details

- Creates instant tethering points
- Redesigned Quick-Wrap Tape II helps deliver long-lasting tool attachment performance
- Resists tears better
- Stretches further
- Quick and easy installation
- Stays out of the way
- Reduces tool downtime

Quick-wrap tape II, yellow, 1 in. x 9 ft. (2.54 cm x 2.74 m) length, used with 3M DBI-SALA D-Rings and Tool Cinches to create instant tethering points on virtually any tool.

Our redesigned 3M DBI SALA Quick Wrap Tape II helps deliver long lasting tool attachment performance while requiring up to 40% less tape compared to our previous generation 3M DBI SALA Quick Wrap Tape. Proprietary 3M material and adhesive technology helps provide good tear resistance while you work. High elongation properties result in more wraps with the same length of tape. Conforms to the shape of tool handles, adheres on contact to most clean tools and can be repositioned during installation. Enhanced stretching results in a thin, low-profile installation. Ready for use upon installation—no waiting period required. *Connection points on tools up to 2 lbs.

Specifications

Brand	DBI-SALA®
Case Quantity	1
