

## 3M™ Particulate Respirator, N95

Model: 8511

### Product Details

- NIOSH approved for at least 95 percent filtration efficiency against certain non-oil based particles
- 3M Cool Flow Exhalation Valve reduces heat build-up inside the respirator
- Adjustable M-noseclip reduces potential for eyewear fogging
- Braided headbands two-strap design with dual point attachment helps provide a secure seal
- 3M Cool Flow Exhalation Valve reduces heat build-up inside the respirator
- Spacious and durable
- Designed to increase comfort and wearability
- Advanced Electret Media is designed for ease of breathing

This disposable N95 particulate respirator features the proprietary 3M™ Cool Flow™ Valve and helps provide comfortable, reliable worker respiratory protection. It is ideally suited for hot/dusty work settings that require long periods of wear.

### Specifications

<b>Aerosol Type</b>	Non Oil
<b>Exhalation Valve</b>	Yes
<b>Braided Comfort Strap</b>	Yes
<b>Features</b>	3M Cool Flow Valve, Advanced Electrostatic Media, Environment – Hot or Humid, M Noseclip
<b>Product Line</b>	Respiratory Protection
<b>Product Type</b>	Dust and Other Particles
<b>Recommended Application</b>	Airborne Biological Particles, Assembly and mechanical, Bagging, Cleaning, Dry Chemical Handling, Foundry Operations, Grinding, Petrochemical Manufacturing, Pharmaceutical Manufacturing, Sanding, Processing of Minerals, Textile Operations, Agricultural Production.

**Recommended Industry**

Commercial Buildings, Construction, Design & Construction, Food Processing, Food Safety, General Manufacturing, Heavy Infrastructure, Mining, Oil & Gas, Transportation.
