

3M Speedglas Welding Helmet SL

Model : 701120

Product Details

- At a mere 360 grams - including auto-darkening filter - the Speedglas SL welding helmet is 25% lighter than any other Speedglas model
- Delay function to set the dark-to-light opening time
- The sensitivity of arc detection can be adjusted
- Grab and Go: A motion sensor automatically turns ON the welding filter when you pick up the helmet
- Appropriate for most arc welding processes - such as MMA, MIG/MAG, TIG and plasma welding
- Appropriate for most arc welding processes - such as MMA, MIG/MAG, TIG and plasma welding

Our narrowest helmet: perfect for many super tight spaces

Specifications
