

Fall Protection

Distributed by:

To the rescue on the rig.

Be ready for at-height rescues with the
3M™ DBI-SALA® R550 Rescue System – Oil & Gas.

Help protect workers on drilling and service rigs with a compact and portable rescue system designed for use from most working locations on your structure.

The 3M™ DBI-SALA® R550 Rescue System is an excellent choice for emergency rescue and evacuation from a wide variety of elevated work areas.

- ▶ Simple-to-use organized industrial rescue system
- ▶ Demonstration video available at 3M.com/R550Rescue
- ▶ 3M™ DBI-SALA® Fall Protection for Tools incorporated in the design
- ▶ The R550 is compliant with OSHA, ANSI Z359.4 and CSA Z259.2.3 safety requirements
- ▶ The R550 features a 621 lb. (282 kg) weight capacity

Always be rescue- ready.

**Compact, lightweight, durable
and comfortable to carry.**

Organized pockets with pictorial label cards help ensure proper setup and use. Bag includes an integrated, rated lifting point on top.

Drill Adapter
Allows for raising workers with a 1.4-in. hand drill.

Supertough® nylon makes the R550 rescue wheel lightweight and durable. Its ergonomic design provides a better grip and more control.
