Assisted pole rescue kit with 4 ft. to 16 ft. (1.2 to 4.9 m) aluminum extension pole, over-sized aluminum connection hook with 2-1/4 in. gate opening (57.1 mm) and carrying bag.

PRODUCT HIGHLIGHTS

- Allows assisted rescue of worker after a fall
- Extension pole adjusts from 4 ft. to 16 ft. (1.2-4.9 m)
- Does not require special tools or training
- Fast and efficient rescues take just minutes
- Oversized connection hook
- Compact and lightweight design

Overview :

The DBI-SALA Rollgliss™ pole rescue kit is ideal for use as a peer rescue system in industrial environments. The system is extremely simple, yet completely safe and efficient, ideal for use with the Rollgliss™ R550 rescue and descent device. The extension pole and oversized hook allows the user to connect a rescue device lifeline such as the Rollgliss™ R550 to the suspended victim, raise or lower removing the person from danger without putting themselves at risk.
