EMERGENCY LIFE SUPPORT APPARATUS

Authorised Distributor:

SUPERIOR COMFORT AND PROTECTION

All Scott Safety respiratory protection equipment is designed to the same exacting standards: to be simple and comfortable to use, robust and easy to maintain. With respiratory protective equipment experience all over the world, Scott Safety are the respiratory protection specialists.

- Scott Safety has provided the highest standards in the design and manufacture of Respiratory Protection Equipment for over 75 years.

Renowned as the world's leading Constant flow escape set, the ELSA (Emergency Life Support Apparatus) from Scott Safety is designed for rapid escape from hazardous industrial and marine environments.

Now in its third generation, Emergency Life Support Breathing Apparatus is a concept originally pioneered by Scott Safety under its Sabre Breathing Apparatus brand and the original design principles continue to this day.

The current design is simple and quick to operate, reliable and robust in use and performs to the latest European Standard EN1146.

ELSA FEATURES:

- 10 or 15 minute versions
- Standard Hi Vis or black anti-static bag
- Automatic quick fire activation
- Unique cubic hood design
- CE marked in accordance with EN1146

Combined cylinder valve and pressure reducer with charging connector

2 or 3 litre 200 bar steel cylinder

Activating strap

Contents indicator

Whistle

Activating strap attachment point

Adjustable carrying strap

Transparent window

THE ELSA HOOD

The uniquely designed hood is fabricated from PVC coated materials with an ozone resistant neckseal.

The three sided flat visor allows the hood to be flat packed avoiding creases to the visor and allowing rapid removal from the bag.

The large visor area provides excellent peripheral vision with the hood offering a feeling of unrestricted comfort.

An inner mask prevents misting and minimizes Carbon Dioxide dead space.

Scott Safety treats the role of after sales support very seriously offering a comprehensive level of technical support and certified training courses for wearers, instructors and service technicians.

This is backed up by our head office in the United Kingdom and through a global network of regional support centres and distributors.

For queries regarding the location of our service centres visit www.scottsafety.com or call our technical support helpline on +44 (0)1695 727171
